## LARGE TRACT OF LAND PURCHASED

Hon. C. C. Carlin, Judge Louis C. Barley, T. C. Smith, cashier of the Alexandria National Bank, and R. C. L. Moncreux have just closed the purchase of the subdivision known as Bon Air. This subdivision is located near Veich Summit and contains about 85 acres of land. These parcels of R. C. L. Moncreux and R. H. Tibbs, known as the Kearney tract, located on the W. & A. F. C. Railroad Company's line between Kearney and Veich Summit; the two tracts contain about 155 acres. A general stock company will at once be organized, known as the Bon Air Realty Company, Incorporated, and these two properties will be placed on the market after being extensively improved with concrete sidewalks and graded streets. Due to the fact that the Washington Southern Railway Company has just purchased the Washington, Alexandria & Mt. Vernon Railway Company and the Washington, Arlington & Falls Church Railway Company's lines and expect to make extensive improvements in the way of double tracking it is more than likely that there will be extensive sales of lots in the Bon Air subdivision. —[County Commonwealth.]

## SUDDEN DEATH.

William H. Houston, 24 years old, employed as an electrician at the Gayety Theater, Washington, was seized with a hemorrhage while walking along the river shore near New Alexandria yesterday evening and died before assistance could reach him. Constable Foley discovered the body soon after life was extinct, and notified Justice T. S. Wright, of Fairfax county. The young man was dressed in light clothing, and in his pockets were a gold watch and \$26. Several letters gave the clew to his identity, and the Washington police, were notified. The body was carried to Mr. B. Wheatley's undertaking establishment in this city, where the coroner's inquest was held. The jury returned a verdict to the effect that the deceased came to his death from natural causes.

## PYTHIAN BAZAAR.

As will be seen by advertisement, Oriental Lodge, Knights of Pythias, will hold a social or bazaar at Old Fellows' Hall for six nights, commencing October 24. Among other features amusements will be music and dancing.

Mr. Ernest R. Boyer, chairman of the committee, received today as a donation to the bazaar from Castberg's Jewelry Company, of Washington, a ladies beautiful ring. This ring set with five rubies, surrounded by twenty-two pearls is of the latest design, and is on exhibition in the window of the Star Clothing House, 410 King street, and will be voted to the most popular lady. The ladies and the committee are greatly encouraged by the donations they are receiving from the merchants of this city.

Since the above was written it has been learned that the Saunders & Son have given a handsome Red Men's pin to the bazaar.

## YESTERDAY.

Yesterday was a beautiful October Sunday, the skies being bright and blue after a two days rain and the air being just crisp enough to make everyone desirous of being out of doors. The churches were fairly well attended and the pulpits of all of them, save Christ Church, were filled by their respective pastors. In Christ Church in the morning the services were conducted by Rev. Dr. Micou, of the Theological Seminary, assisted by his son Mr. Paul Micou, of that institution, and at night the services were conducted by Mr. W. G. Harter, of the same seminary.

## A WONDERFUL TARGET.

The human target, a living specimen, will be given in vaudeville at the Opera House tonight, when the "Great White Yogi," assisted by Miss Francis Frizonette will appear. Another feature none the less prominent will be Belle Carmey the girl and the banjo. Still another entrancing in its nature is John Zimmer, one of the most successful jugglers on the stage.

A three-year-old child, who gave the name of Leslie Smith, was found straying a long distance from her home this morning. The little one was taken to her home by Officer Beach.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by W. F. Creighton and Richard Gibson.

## THE PROPOSED RAILROAD CONSOLIDATION.

One of the largest deals that has been put through lately is that of the purchase by the Washington-Southern Company of the lines, road beds, cars fixtures, etc., of the Washington, Alexandria & Mt. Vernon railway and the Washington, Arlington & Falls Church railway companies. This deal has only been recently consummated. The new owners contemplate many radical changes and numerous improvements. They expect to double track in the near future. The cars will be operated on a better and closer schedule and they will operate more cars. Mr. M. E. Church is acting president of the new consolidation. The new schedule and the operation of more trains will be commenced on October 12.

The new owners have a large capital behind them and they propose to spare no expense in making every modern improvement on the roads they have purchased. Alexandria at present is far better supplied than any county in state in regard to transportation and when the Washington Southern have completed their contemplated improvements on their newly acquired property this county will be head and shoulders above her sister counties in transportation facilities. —[County Commonwealth.]

## MIDNIGHT INSPECTION.

The president of the Common Council, who had been acting as mayor for the past few days, and the Police Commissioner from the Fourth ward, at an early hour this morning, accompanied by Lieut. Bettis, went over the several police beats to ascertain if the officers were properly performing their duty. They found that but one officer was on duty in the Second ward and that he had been assisted by Lieut. Bettis. In a doorway on the south side of King street, just east of Washington, four officers on duty in the First and Fourth wards were found standing together, but in the third neither of the two officers who were supposed to be on duty could be found, though the ward was thoroughly gone over and the houses were blown nine times. These calls met with no response and the officers at 3 o'clock returned to their homes without having found where the two officers were located. The round was made by reason of the current report that some of the officers could not be found after midnight. The matter will be reported to the Police Commissioners.

## KILLED BY A TRAIN.

Mr. William Duncan, a deputy United States marshal of Alexandria county, was instantly killed by a north-bound freight train in the Potomac railroad yards, a short distance north of the county bridge early Saturday night. The body was badly mangled. The body was found lying beside the track by the crew of a yard engine. It is supposed that he was crossing the tracks on his way to his home when he met his death. The body was removed to W. H. Demaine & Son's undertaking establishment in this city. The deceased was about forty-five years old. Besides his widow he survived by four sons and one daughter. For many years Mr. Duncan was employed as a telegrapher at the old railway tower at St. Asaph junction. At one time he was a member of the board of supervisors of Alexandria county. A jury summoned by Coroner Stuart P. Ashton, of Alexandria county, met at W. H. Demaine & Son's undertaking establishment yesterday morning, and after viewing the body adjourned subject to the call of the coroner. The jury was composed of George W. Zachary, R. W. Zachary, W. T. Gary, John Gary, R. H. Roberts and H. H. Powell. The body was removed later to Mr. Duncan's former residence in Del Ray, where the funeral services will be held tomorrow afternoon.

## CASE DISMISSED.

Among the cases before the Police Court this morning was that of a fruit dealer who had been cited to appear and show cause why he should not be fined for conducting business on Sunday. The accused acknowledged he sold soda water, etc., yesterday, and urged in extenuation that he merely did what others were doing with impunity.

Justice Caton dismissed the charge, saying that about two years ago an attempt to enforce the Sunday law had been made and people who had been fined for the violation of the same had appealed to the Corporation Court and that that tribunal had set aside the judgment of the Police Court. Besides it would be unfair to fine one person and not another. If one person was compelled to close his place of business on Sunday, all should be made to observe the law.

The much needed rain which fell on Friday, Saturday and Sunday night ceased at an early hour yesterday morning when the sun came out and a bright and beautiful day followed. The weather today has been seasonable. The mercury at noon registering 62 degrees.

## HEARING COMPLAINTS.

Special Examiner Smith of the Interstate Commerce Commission is engaged today in Washington in hearing complaints against the Washington, Arlington and Mount Vernon Electric Railway, the Great Falls and Old Dominion Railroad, the Washington and Annapolis Railroad, the City and Suburban Railroad. Probably the most important of the three cases under examination is that of President R. W. Sylvester and Vice-President Thomas W. Spence of the Maryland Agricultural College against the Washington and Annapolis Railroad. They charge that the passenger and freight rates imposed by the joint lines are excessive and ask for sweeping reductions from Washington to all points in Maryland reached by the two lines. F. M. Finley and O. C. Beall some time ago filed protests against the rates and service of the Washington, Arlington and Mount Vernon Electric road. When their cases were called today Mr. Finley was absent and it went over temporarily. W. F. Boyle, an employee of the Postoffice Department is the complainant in the case against the Great Falls and Old Dominion Railroad. He charges that the passenger rates are not fair and equitable. Examiner Smith called all these cases today and will this afternoon hear the testimony before sending the records on to the Interstate Commerce Commission for final judgment.

## ANTI-TUBERCULOSIS SOCIETY.

Nothing is more gratifying or more promising for the ultimate success of the dinner and supper which is to be given by the Anti-Tuberculosis Society of Alexandria on November 10, than the manner in which the merchants and business men of the city are responding to the appeal of the committee for contributions. Their response has been so generous, and their interest, and that of people generally, so genuine that the committee feel the success of the entertainment is assured.
